Holds Certificate No: **FM 732783**

and operates a Quality Management System which complies with the requirements of ISO 9001:2015 for the following scope:

The provision of comprehensive quality risk management programs to support global health efforts by ensuring that health products (e.g., pharmaceuticals, medical devices, in vitro diagnostics, vector control commodities) comply with international standards for quality, safety, and efficacy and perform per manufacturer claims. This comprises independent and objective quality assurance services including:
- Product and supplier qualification
- Supplier evaluations and audits
- Product quality incident and recall management
- Product quality control (sampling, inspection, testing, and evaluation)
- Continuous risk assessments of products and suppliers with statistical trend analysis and routine review of data across all our QA services
