**BUILDING BLOCKS STUDENT WORKSHEET**

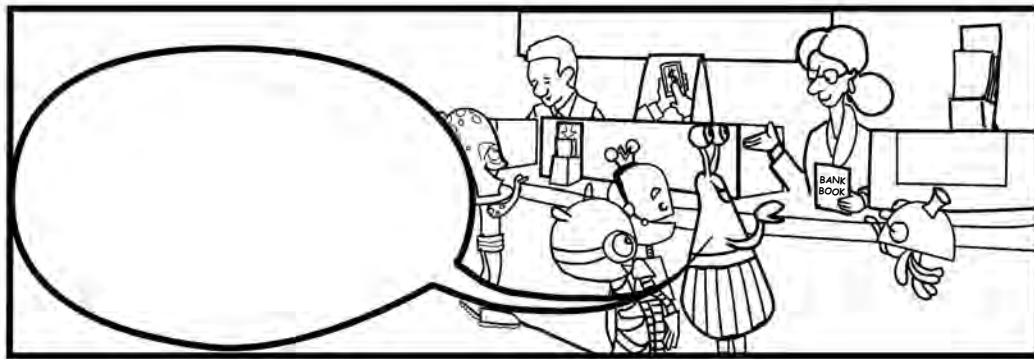

# Building savings habits

Saving money in an account at a bank or credit union, comparison shopping, and spending less to save more are all useful savings habits. As you learn about using money, it's a good idea to develop your own savings habits.

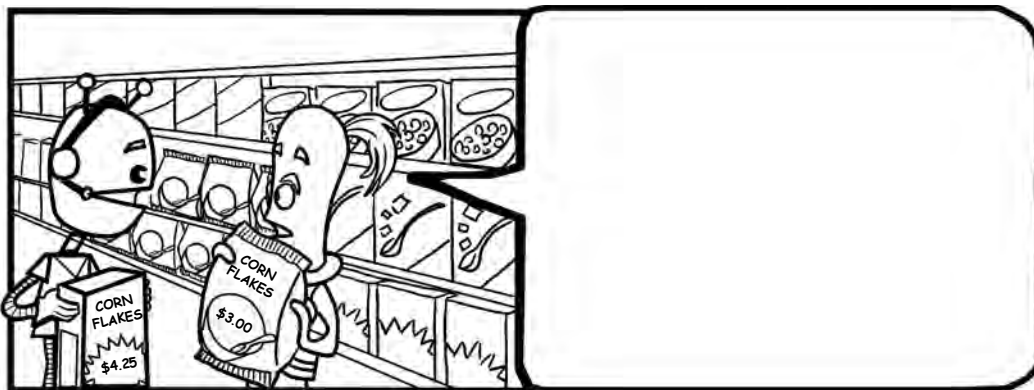

## Money Monsters learn about savings habits

The Money Monsters are on a field trip in their town. They're learning about savings habits. In the caption bubbles below, write what the Money Monsters might say during their field trip.

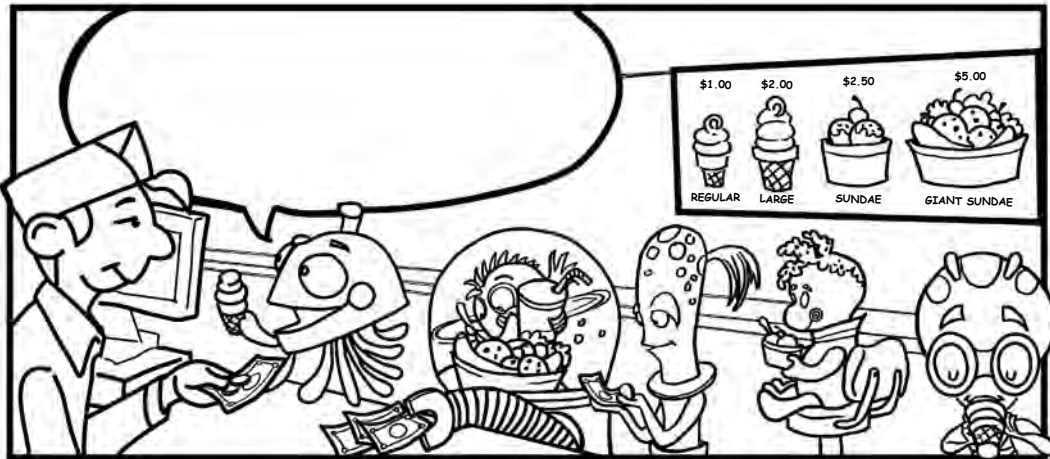

They went to a bank.

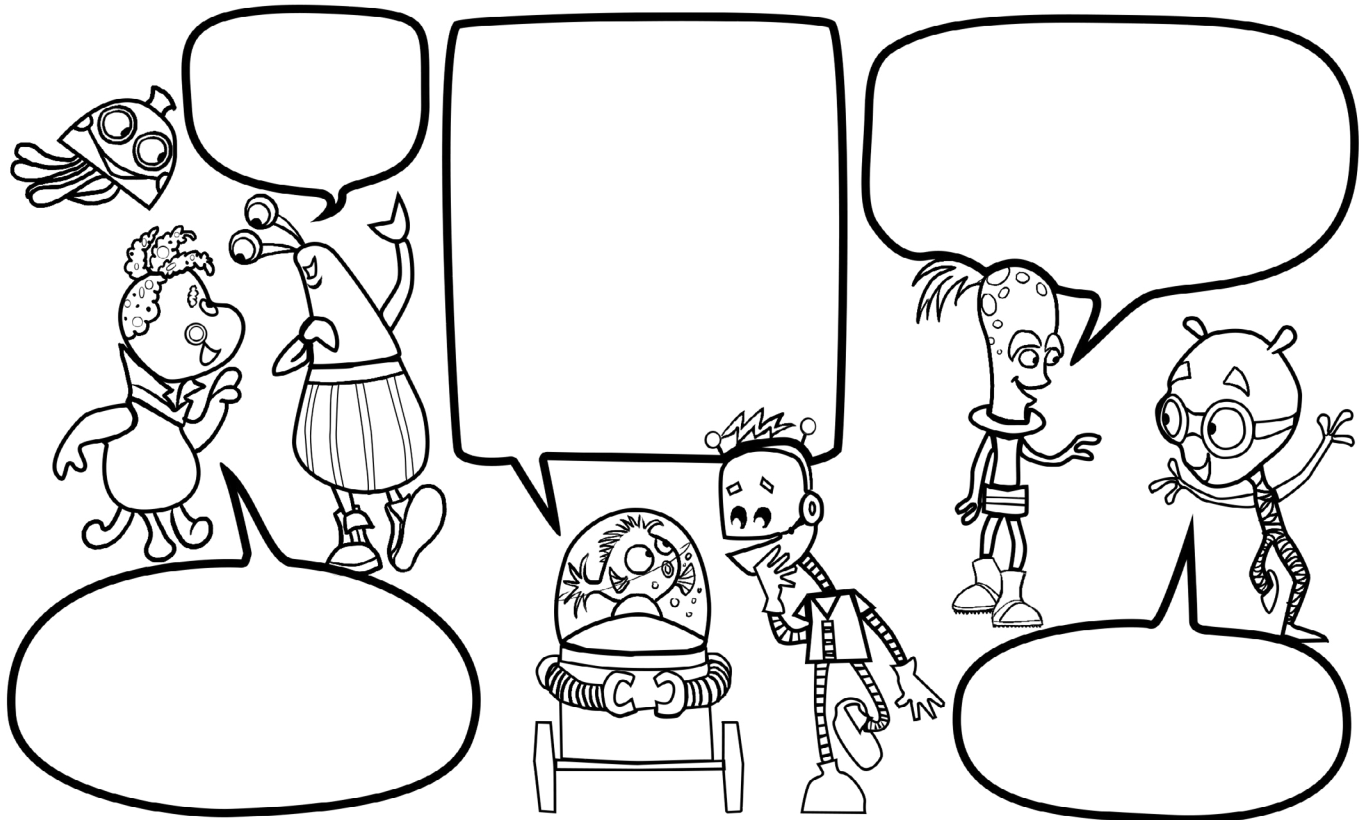

They went to a grocery store.

They went to an ice cream parlor.

On the way back to school, they talked about what they learned about saving money.

## Reflection questions

1. What do you think was the most important lesson the Money Monsters in your comic learned?

2. What savings habit would you like to have? Why did you choose that habit?
