## Valerie's video games

Valerie loves video games. She really wants to subscribe to a video game subscription service. She's worked hard for the past six months to save all the money she earned and received as gifts. She has \$45 saved. Valerie researched the companies that offer subscriptions and picked the one that has her favorite games. Now she has to decide which level to buy.

**Note:** The prices shown are examples. Actual prices may be higher or lower.
