

 **BUILDING BLOCKS STUDENT WORKSHEET**

Reading about credit scores

Credit scores play an important role when you borrow money. It's helpful to understand what credit scores are and how they're calculated.

Instructions

- 1 Read the "All about credit scores" handout.
- 2 In the table below, make notes about what you read.
- 3 Use your notes to participate in a group discussion.
- 4 Answer the reflection question.

Write notes about credit scores

As you read the handout, make notes in the table.

Ideas or sentences you think are important	
Key words you want to remember	
Connections between the information in the text and your own experiences	

Reflection question

What are three things a person can do to help them achieve a high credit score?
